Welcome From the President

It is my pleasure to welcome you to Western Michigan University for our 321st Commencement Exercises. Today, we will witness one of the major milestones in the lives of 1,734 of our students as they transition from college students to WMU alumni. I am excited to be a part of your celebration today. As many of you may know, our son, E.J. graduated from WMU earlier this year in what was a special day for our family. Like you today, we eagerly anticipated watching our loved one process across the stage. They will no doubt experience an immense sense of accomplishment and pride in how far they have come and a dose of wonder at the vast array of opportunities spread out before them as they graduate and start the next chapter in their lives.

I want to extend my heartfelt congratulations to our graduates. I know they did not get to this moment on their own so I also want to thank the parents, spouses and partners, children, extended family members, friends, faculty and staff members, and community partners who have played a significant role in supporting our graduates through their pathways to today's celebration. Each one of our graduates has benefitted from an extended support network that has provided guidance, tough love, laughter, and encouragement throughout the journey to reach today's ceremonial finish.

Today we are not focused on endings, but on new beginnings. As each of you moves forward with your future plans in starting your career, continuing your studies, enjoying travel, and building a successful life, you will take with you the expertise and accomplishments acquired through your experiences at WMU. Thank you for making WMU your school of choice, and a place to call home for many years to come.

Congratulations and warm regards,

Edward Montgomery
President
Photo-Op!
Congratulations and Welcome New Alumni!
Heritage Hall, home of the WMU Alumni Center is open today in celebration of this special occasion.

All graduates and their families are invited to tour the building and take photographs on the Grand Lawn, the portico overlooking downtown Kalamazoo, and in front of our University’s newly restored birthplace. Stop by!
The building will be open today from 11 a.m. to 6 p.m.

Greetings to our Newest Alumni!

Welcome!

To our newest alumni,

It is my honor to welcome you to a community of 250,000 Broncos who, just like you, call Western Michigan University their alma mater.

While you may be ending your time as a student and perhaps preparing to move far from Kalamazoo, know that your connection to WMU will remain as strong as ever. With Broncos in every state of the nation and in over 100 countries around the world, you will never be far from your fellow alumni.

The first steps in maintaining your connection to WMU are by updating your contact information at MyWMU.com/InfoUpdate and by following MyWMU on social media. The Office of Development and Alumni Relations is eager to keep you updated about news and events on campus, and WMU events that will be in your area. There are a number of ways to stay involved with WMU, and we hope you will take advantage of them as you begin your new journey as part of the alumni community.

On behalf of the WMU Alumni Association, I congratulate you and wish you all the very best in your next chapter in life.

Onward for the Brown and Gold,

Mark A. Jackson, B.B.A. 1981
President, WMU Alumni Association

The University

One of the top-100 public universities in the United States, Western Michigan University is committed to being learner centered, discovery driven and globally engaged.

Founded in 1903, the University has undergone dramatic growth in size and stature during its more than 100 years of service. Today, WMU offers more than 260 academic programs to students pursuing degrees through the doctoral level. More than 20 percent of its nearly 23,000 students are enrolled in graduate coursework, studying in disciplines that range from atomic physics and geosciences to medieval literature and blind rehabilitation. Of 110 graduate offerings available, 33 lead to a doctoral degree.

Recent developments include the launch of the WMU Homer Stryker M.D. School of Medicine, a partnership between the University and Kalamazoo’s two world-class teaching hospitals. The medical school will graduate its first class in 2018. In addition, a formal affiliation in 2014 led to the establishment of the WMU Thomas M. Cooley Law School. Both the law and medical schools are private professional schools at a public university.

The Carnegie Foundation for the Advancement of Teaching classifies WMU as a doctoral university that is one of just 157 public universities in the nation conducting research at the “higher” or “highest” levels. In addition, U.S. News & World Report has named WMU among the nation’s best national universities for 27 consecutive years.

Home to a thriving undergraduate honors college, WMU is one of four public universities in Michigan to be granted its own chapter of Phi Beta Kappa, the oldest and most widely recognized academic honor society in the nation. Just 102 other public universities in the country have been selected to shelter a chapter.

The University has garnered such success by encouraging an emphasis on both teaching and research. Many of WMU’s more than 900 full-time faculty members are engaged in cutting-edge research, helping to enhance the body of knowledge and, at the same time, ensuring their students have access to the most current information.

Engagement with the communities it serves, innovation and outreach to enhance economic development have become the University’s hallmarks. WMU plays an integral part in efforts to diversify the state’s economy. WMU contributes to the economy by providing talented graduates who are able to be immediately productive in their chosen fields, offering research and product development for private industry and supporting startup companies that will be the source of future jobs.

Both the faculty and the student body reflect WMU’s reputation in the world and its commitment to diversity. The University attracts students from across the nation and from nearly 100 other countries. Minority students comprise 23 percent of the student population while international students make up an additional nearly 8 percent. WMU’s faculty members have been trained at some of the world’s finest institutions, and they bring to the campus a global perspective that enhances the learning environment.

WMU extends its reach well beyond its main campus in Kalamazoo. In addition to its robust online offerings, the University offers nearly three dozen complete degree programs to people in 30 communities around the state through WMU regional locations in Battle Creek, Benton Harbor/ St. Joseph, Detroit, Grand Rapids, Lansing, Muskegon and Traverse City.

In 2017 WMU began offering a growing body of coursework at its Florida locations in Punta Gorda and Tampa Bay.

The University also sponsors study abroad programs in China, France, Germany, Mexico, Russia and Spain and has exchange agreements with institutions around the globe.
In 1957, the year that Western Michigan University became a university, WMU art professor John Kemper made a sketch on the back of his faculty identification card that would eventually be adopted as the official seal of WMU.

The circular design by Kemper has remained the University’s official mark for more than 50 years. It has four components:

- **Five stars** that symbolize the main academic units in place when WMU gained university status—the schools of Applied Arts and Sciences, Business, Education, Liberal Arts and Sciences, and Graduate Studies.

- **A tree** that signifies the University’s continuing growth, while its roots acknowledge the institution’s firm planting through its creation by the Michigan Legislature in 1903.

- **A stone arch** that symbolizes a gateway to knowledge as well as solid growth, while the missing keystone indicates the University’s growth is incomplete, with much more remaining to be accomplished and discovered.

- **A pyramid**, which stands for the building of knowledge and features a flame at its apex to signify enlightenment—WMU’s true purpose.

Prior to the current design, four different seals represented the University under its various names. The first two emblems were circular and modeled on components of Michigan’s state seal. The two subsequent seals were rectangular and featured depictions of campus buildings.

Academic Regalia

The use of academic dress stems from costumes worn in universities in the fourteenth and fifteenth centuries, particularly at Cambridge and Oxford in England. Since colonial times, it has been worn in the United States and was standardized by an Inter-collegiate Code in 1895.

The major distinguishing characteristics of the gowns are the sleeves, styled in the following fashions: bachelor, long pointed; master, oblong; and doctor and specialist, bell shaped. The doctor’s gown has a velvet collar, facing and three bars on the sleeves. The specialist’s gown differs from a doctor’s in that it has no sleeve bars.

Masters, specialists and doctors wear hoods lined with the official colors of the university from which the degree is granted. They vary in size and shape to indicate the several degrees. The doctor’s hood is the largest and most lavishly decorated. The color of the velvet that circles the opening of the hood shows the degree earned—silver for doctor of audiology, light blue for doctor of education, dark blue for doctor of philosophy, peacock blue for doctor of public administration.

Caps are mortar boards with the tassel worn over the left front quadrant. The tassel’s color indicates the academic program area.
