PROPOSAL:  Naming South Neighborhood Housing - Arcadia Flats

Background

During 2012, the Division of Student Affairs Strategic Plan set the direction for developing a housing and dining master plan that would make progress toward award winning housing and dining options that appeal to students and generate a “wow” factor. Responding to changing student needs, the Elmwood Apartments were razed during the summer of 2018 and a new apartment-style complex is currently being constructed.

The new complex is intended to:

- Open fall 2020
- Serve the South Residential Neighborhood
- Appeal to graduate and upper-level undergraduate students
- Provide an innovative living concept

Recommended Action

It is recommended the Board of Trustees approve the name Arcadia Flats for the new apartment-style complex, as recommended by the Vice President for Student Affairs.
