PROPOSAL:  Accelerated Graduate Degree Program in Public History

Background

The Undergraduate Studies Council and the Graduate Studies Council of the Faculty Senate have approved the creation of the Accelerated Graduate Degree Program in Public History. This program will allow students to complete the MA in Public History in less time and with less expense. It is hoped that this program will help increase the enrollment in our graduate program and keep our best students here at WMU for their graduate studies. In addition, the existence of the accelerated option to the master’s degree may prove to be an incentive that will bring more undergraduates into our major.
