

"Volunteers of America (VOA) has been a blessing and allowed me to make a positive difference in my own life and the lives of those around me. Through VOA's housing, employment, and case management programs, I have been clean for over a year, am attending college, serve as a leader to fellow vets, and volunteer in the community. I am proud to be an American, a veteran, and a part of VOA.

I like to lead by example and show others that with motivation, determination, courage, willpower and God that it is possible to recover and succeed in life."
