DESCRIPTION OF STUDY:

I understand that research involving human or animal subjects, recombinant DNA, chemical hazards, or radioactive material must have prior approval of the research proposal by the appropriate University review body, thus assuring compliance with the regulations for the protection of such subjects or for the use of such materials. In addition, I understand that The Graduate College will not approve any master's thesis, specialist project, or doctoral dissertation which does not comply with these requirements, and in that event no credit will be granted for the course.
