Materials Information Society

Association for Facilities
Engineering

Institute of Electrical and
Electronic Engineers

Institute of Industrial Engineers

Michigan Society of Professional
Engineers

Society of Automotive Engineers

Society of Manufacturing
Engineers

Society of Plastics Engineers

Society of Women Engineers

For the last few months, the **Engineers Week Dinner Steering Committee** has been preparing for the **45th Annual Engineers Week Dinner** at Fetzer Center in WMU campus. Much of the logistics planning is now finalized, however, we are still in need of sponsors.

As in past years, we are reaching out to local businesses, professional societies, groups and individuals to sponsor this event. Your financial support will be used to underwrite subsidized dinner registration fees for hundreds of students, speaker expenses, and award scholarships. Options for general and scholarship donations are listed below.

In addition to general contributions, the Engineers Week Dinner Planning Committee offers the opportunity for you to sponsor a table of up to eight guests. The cost is \$600 per table. This is a great way to recognize employees' contributions.

With your help, the 2024 Engineers Week Dinner will be even more successful than previous editions. Please consider a financial contribution to the 45th Annual Southwestern Michigan Engineering Societies' Engineers Week Dinner.

This year's guest speaker is **Louise A. Noeth**, aka "Landspeed Louise," founder of LandSpeed Productions, offering creative writing, photography, design and public relations. She authored the leading historical reference book, *Bonneville Salt Flats*, in print for 11 years through seven printings and consults for the film and television industries on extreme speed.

The presentation is titled "**Do Fast Women Really Need Engineers?**," which shines a spectacular spotlight on how some 350 women (ages 16 to 80) designed, built and/or set more than 1,000 land speed records.

Respectfully,

John Lobo, Engineers Week Dinner Steering Committee

To Contribute – You can make donations by filling out the form below and mailing check.
(Contributions are also accepted online at <http://wmich.edu/engineer/eweek>).
Call John Lobo (269) 217-3546 or e-mail johnclobo@eaton.com with any questions.

Event Schedule (at Fetzer Center): 5:30pm - Social Hour; 6:30pm - Dinner/Awards; 7:30pm – Presentation
