As required by the privacy regulations created as a result of the Health Insurance Portability and Accountability Act of 1996 (HIPAA).

This notice describes how health information about you/your child (as a patient of this practice) may be used and disclosed and how you can get access to your individually identifiable health information.

Please review this notice carefully.

A. Our commitment to privacy:
Our practice is dedicated to maintaining the privacy of your/your child’s individually identifiable health information (also called protected health information, or PHI). In conducting our business, we will create records regarding you/your child and the treatment and services we provide to you/your child. We are required by law to maintain the confidentiality of health information that identifies you/your child. We also are required by law to provide you with this notice of our legal duties and the privacy practices that we maintain in our practice concerning your/your child’s PHI. By federal and state law, we must follow the terms of the Notice of Privacy Practices that we have in effect at the time.

We realize that these laws are complicated, but we must provide you with the following important information:

• How we may use and disclose your/your child’s PHI,
• Your/your child’s privacy rights in your/your child’s PHI,
• Our obligations concerning the use and disclosure of your/your child’s PHI.

The terms of this notice apply to all records containing your/your child’s PHI that are created or retained by our practice. We reserve the right to revise or amend this Notice of Privacy Practices. Any revision or amendment to this notice will be effective for all of your/your child’s records that our practice has created or maintained in the past, and for any of your/your child’s records that we may create or maintain in the future. Our practice will post a copy of our current Notice in our offices in a visible location at all times, and you may request a copy of our most current Notice at any time.

1. **Treatment.** Our practice may use your/your child’s PHI to treat you/your child. For example, we may ask you/your child to have diagnostic tests or assessments (e.g., semi-annual or annual re-evaluations for insurance purposes or to monitor progress), and we may use the results to help us reach a decision regarding future treatment. Many of the people who work for our practice – including, but not limited to, our Clinical Director, clinicians, or technicians – may use or disclose your/your child’s PHI in order to treat you/your child or to assist others in your/your child’s treatment. Additionally, we may disclose your/your child’s PHI to others who may assist in your/your child’s care, such as your spouse, children or parents. Finally, we may also disclose your/your child’s PHI to other health care providers for purposes related to your/your child’s treatment.

We also may use and disclose your/your child’s PHI to obtain payment from third parties that may be responsible for such costs, such as family members. Also, we may use your/your child’s PHI to bill you directly for services and items.
