

Mott Community College

Fall 2016

Western Michigan University Chemistry Curriculum Guide

The WMU Department of Chemistry offers a choice of six majors:

- **Chemistry major** – this 35 credit hour major in the College of Arts and Sciences Liberal Education Curriculum (LEC) is designed for students interested in graduate studies in chemistry;
- **Chemistry major ACS Certified** - this 42 credit hour major is certified by the American Chemical Society and is for students planning to enter the chemical industry, though it may be taken by students planning on graduate school study of chemistry;
- **Biochemistry** - this 36 credit hour major is recommended for students interested in careers in health sciences (medicine, dentistry, nutrition, pharmacology, etc.) or a graduate career in biochemistry or molecular biology;
- **Business-oriented chemistry major** - this 37 credit hour major is available to provide the chemical understanding needed if you are preparing for a career in the chemical industry, outside the laboratory. A minor will be chosen in the Haworth College of Business, and students are prepared to enter areas of management, sales, and some aspects of government service;
- **Geochemistry major** – students choosing this 68 credit hour major should contact the department of Geosciences as early as possible for advising. The major is designed for students interested in the fields of geochemistry or environmental chemistry;
- **Secondary education chemistry major** - this 34 credit hour major is designed for students who desire to teach high school chemistry. Secondary education majors must meet with a College of Education and Human Development (CEHD) advisor for general education, pre-professional, and professional education requirements. To view the curriculum guide for this major, please go to the list of all major guides and select the chemistry guide listed under “Secondary Education.”

Important Information:

- To ensure that you possess adequate skills in chemistry, you must have had one year of high school chemistry. Otherwise you must enroll in CHEM 1000 (CHEM 118 at Mott) to build up your background in chemistry;
- In addition, chemistry students must meet one of the following math requirements: MATH ACT score of 25 or higher, successful completion of MATH 1110 (MATH 120 at Mott) with a grade of a “C” or higher, or place into MATH 1180 (MATH 145 at Mott) or a higher math course;
- All chemistry majors must meet with a chemistry department advisor about major or minor requirements. You must make an advising appointment to declare your major or minor;
- For general education (see below) requirements, you must meet with a College of Arts and Sciences (CAS) advisor;
- Business-oriented chemistry majors will be required to complete a minor in General Business, Management, or Marketing in the Haworth College of Business (HCoB);

- If your major is chemistry, you must complete your last 14 credits hours in the Department of Chemistry at WMU;
- If your minor is chemistry, you must include at least one course that contains a laboratory experience, and your last seven (7) credits must be taken in the Department of Chemistry at WMU.

Courses that can be taken at Mott:

WMU courses

CHEM 1100/1110
 CHEM 1120/1130
 CHEM 3750/3760
 CHEM 3770/3780
 MATH 1220
 MATH 1230
 MATH 2720
 PHYS 2050/2060
 PHYS 2070/2080

Mott courses

CHEM 131
 CHEM 132
 CHEM 237 (not required for Geochem majors)
 CHEM 238 (not required for Geochem majors)
 MATH 170
 MATH 180
 MATH 250 (not required for Geochem majors)
 PHYS 287 (not required for Geochem majors)
 PHYS 288 (not required for Geochem majors)

Business-oriented majors may take these additional courses:

BUS 1750	BUSN 104
MGMT 2500	MGMT 283
MKTG 2500	BUSN 255
ACTY 2100	ACCT 201

Biochemistry majors may take these additional courses:

BIOS 1600	BIOL 107
BIOS 1610	BIOL 111
BIOS 2500	BIOL 227

Geochemistry majors may take these courses:

*****Very important note:** Geochemistry majors only need the following Chemistry courses: CHEM 131 and 132, and CHEM 222/224, and 9 hours of **upper level Chemistry** course-work. You will also need 11 credits of **Math and General Science** (below), and 9 credits of Geoscience electives (taken at WMU).

CHEM 3750/3760	CHEM 237
CHEM 3770/3780	CHEM 238
BIOS 2320	BIOL 156
GEOS 1300	GEOL 151
GEOS 1310	GEOL 152
MATH 2720	MATH 250
PHYS 2050/2060	PHYS 287
PHYS 2070/2080	PHYS 288

General education requirements:

- Please see the WMU [general education guide](#) for information on the courses that are required from all students, as part of the graduation requirements at WMU;

- All chemistry majors (except education majors) will be required to complete the world languages requirement. You can do so in one of the following ways:
- Take two years of one high school language, with a B- or higher in the last semester, or at any point after that if more than two years are completed;
 - Take two semesters of one language in college;
 - Or through passing a language proficiency test. Please contact the WMU World Languages department for languages other than Spanish, and the Spanish department for that language. Neither the MACRAO Agreement nor the Michigan Transfer Agreement satisfy the world languages requirement;
 - American Sign Language may also be used to meet this requirement;
 - If the student's first language is not English, then the student is exempt from this requirement verified through the WMU departments of Spanish or World Languages and Literatures.

Contact information:

Chemistry department advisors:

Dr. Steve Bertman
steven.bertman@wmich.edu
(269) 387-2866

Dr. John Miller
john.b.miller@wmich.edu
(269) 387-2871

Dr. Donald Schreiber
donald.schreiber@wmich.edu
(269) 387-2856

Dr. Robert Sutton
robert.e.sutton@wmich.edu
(269) 387-2834

Chemistry Satellite Office, 2220 Chemistry Building
<http://wmich.edu/chemistry/advising>, for appointments

General education advising:

CAS advisors - 2318 Friedmann Hall
(269) 387-4366 or wmich.edu/arts-sciences/advising

Business-chemistry advising:

Paul Hildenbrand - Hayworth College of Business
paul.hildenbrand@wmich.edu or (269) 387-5085

Geochemistry advising:

Dr. Michelle Kominz - 1187 Rood Hall
michelle.kominz@wmich.edu or (269) 387-5486
