The Interdisciplinary Health Services major is designed to serve four populations:

- Students who want to prepare for administrative and other non-clinical positions;
- Students interested in applying to the 4+1 Occupational Therapy program leading to a master’s degree in Occupational Therapy. Admission to this program is competitive and requires a separate application. Visit the OT website regarding this process;
- Students interested in health and human services graduate programs such as Physician Assistant (PA). Advisors will custom build programs to prepare students for graduate work;
- Students already working in health care who hold associate degrees or certificates in health-related areas. This degree completion program can be completed on the main WMU campus or online.

Admission Requirements:

- A minimum of 30 academic credits and completion of pre-professional prerequisites for the College of Health and Human Services program with a cumulative grade point average of 2.5;
- Or a minimum of 30 academic credits with a cumulative grade point average of 2.5 and current registration, certification, or licensure as a health or human services provider. These students will receive academic credit for professional course work completed through accredited associate degree programs on a course-by-course basis.
