

WMU MATH PLACEMENT TEST – Key Terms

Square, triangle, circle, rectangle

Length/long, width/wide, height/high

Volume, Area, perimeter, circumference, square meter, square yard

Centigrade/Fahrenheit, Meters/Feet, km per hour/miles per hour

Add, subtract, multiply, divide, double, triple

Measure, calculate, approximate, convert/conversion, express/expression, mix

Base, angle, point, factor/figure (n), diagonal, factor

Decimal, percent/percentage, ratio

Minute, Second

Decrease, mark down

Temperature, scale

Formula, equation, inequality, equivalent, solution, value, insufficient

Initial, final

Apart, adjacent, parallel

Line/Bar/pie graph, x-axis, y-axis, cross, intersect/intersection, quadrant, function

Cost, amount

Suppose, pictured to the left/right, which one best represents x

Cast a shadow

Force

Vertex/vertices

Sin, cosine, tangent, cotangent

Radians, parabola
