Southwestern Michigan Engineering Societies

38th Annual Engineers Week Dinner
February 21, 2017
at WMU Fetzer Center

The EWD Steering Committee consists of the following Southwest Michigan Engineering Societies:

- American Institute of Aeronautics and Astronautics
- American Institute of Chemical Engineers
- American Society of Civil Engineers
- American Society of Heating, Refrigeration and Air-Conditioning Engineers
- American Society of Mechanical Engineers
- American Society of Plumbing Engineers
- ASM International - The Materials Information Society
- Association for Facilities Engineering
- Institute of Electrical and Electronic Engineers
- Institute of Industrial Engineers
- Michigan Society of Professional Engineers
- Society of Automotive Engineers
- Society of Women Engineers
- Society of Manufacturing Engineers

The 37th Annual “Engineers Week Dinner” at the Fetzer Center was a success, with some 200 attendees made up of high school students, college students and professionals. Corporate contributions for the event totaled over $5,000.

With your help the 38th Annual event will be even more successful. Each year the Southwestern Michigan Engineering Societies reaches out to local businesses, professional societies, groups and individuals to sponsor this event. Your financial support will be used to underwrite speaker expenses, award scholarships, and subsidize dinner registration fees for hundreds of students. Options for general and scholarship donations are listed below.

In addition to general contributions, The Engineers Week Dinner Planning Committee offers the opportunity for you to sponsor a table of up to eight guests. The cost is $500 per table. This is a great way to recognize employees’ contributions.

This year’s guest speaker is Kirk T. Steudle, P.E., State Transportation Director at MDOT. Mr. Steudle will speak on the advancement of autonomous vehicle technology, a potentially disruptive innovation with major implications to society and the movement of people and goods. Mr. Steudle is a national leader in the development of connected vehicle technology. In 2015, he was named one of America’s Top 25 Government Innovators by Government Technology.

Event Schedule: 5:30pm - Social Hour * 6:30pm - Dinner/Awards * 7:30pm - Presentation

To Contribute – You can make donations by filling out the form below. (you can also contribute online at http://wmich.edu/engineer/eweek).

Call John Lobo (269) 342-3342 or e-mail gracaloboj@asme.org with questions.
