   No

B. Please choose the applicable class level:
   Not applicable

C. Please choose Yes or No to indicate if this class is a General Education class:
   No

D. Explain briefly and clearly the proposed improvement.
   Replace the prerequisite from AE 3710 with AE 3610

E. Rationale. Give your reason(s) for the proposed improvement. (If your proposal includes prerequisites, justify those, too.)
   Align course material taught with the appropriate prerequisite. Related course material that requires AE 3710 as a prerequisite is no longer covered in this class. It is covered in another aerospace engineering class (AE 4760 Aerospace Propulsion II)

F. List the student learning outcomes for the proposed course or the revised
G. Describe how this curriculum change is a response to student learning assessment outcomes that are part of a departmental or college assessment plan or informal assessment activities. No changes in course offerings. No effects on students meeting graduation requirements. No effects on scheduling needs and demands on students' time.

H. Effect on other colleges, departments or programs. If consultation with others is required, attach evidence of consultation and support. If objections have been raised, document the resolution. Demonstrate that the program you propose is not a duplication of an existing one. Not applicable

I. Effect on your department’s programs. Show how the proposed change fits with other departmental offerings. No effect change

J. Effects on enrolled students: are program conflicts avoided? Will your proposal make it easier or harder for students to meet graduation requirements? Can students complete the program in a reasonable time? Show that you have considered scheduling needs and demands on students' time. If a required course will be offered during summer only, provide a rationale. No effect change

K. Student or external market demand. What is your anticipated student audience? What evidence of student or market demand or need exists? What is the estimated enrollment? What other factors make your proposal beneficial to students? No effect change

L. Effects on resources. Explain how your proposal would affect department and University resources, including faculty, equipment, space, technology, and library holdings. Tell how you will staff additions to the program. If more advising will be needed, how will you provide for it? How often will course(s) be offered? What will be the initial one-time costs and the...
