The EWD Steering Committee consists of the following Southwest Michigan Engineering Societies:

- American Institute of Aeronautics and Astronautics
- American Institute of Chemical Engineers
- American Society of Civil Engineers
- American Society of Heating, Refrigeration and Air-conditioning Engineers
- American Society of Mechanical Engineers
- ASM International - The Materials Information Society
- Association for Facilities Engineering
- Institute of Electrical and Electronic Engineers
- Institute of Industrial Engineers
- Michigan Society of Professional Engineers
- Society of Automotive Engineers
- Society of Manufacturing Engineers
- Society of Plastics Engineers
- Society of Women Engineers

For the last few months the Engineers Week Dinner Steering Committee has been preparing for the 40th Annual Engineers Week Dinner event. Much of the logistics planning is now finalized, however, we are still in need of sponsors.

As in past years, we are reaching out to local businesses, professional societies, groups and individuals to sponsor this event. Your financial support will be used to underwrite speaker expenses, award scholarships, and subsidize dinner registration fees for hundreds of students. Options for general and scholarship donations are listed below.

In addition to general contributions, the Engineers Week Dinner Planning Committee offers the opportunity for you to sponsor a table of up to eight guests. The cost is $500 per table. This is a great way to recognize employees’ contributions.

With your help, the 2019 Engineers Week Dinner will be even more successful than previous editions. Please consider a financial contribution to the 40th Annual Southwestern Michigan Engineering Societies’ Engineers Week Dinner.

This year’s guest speaker is Daniel Ouwenga from Eaton Corporation. Dan Ouwenga is the Advanced Technology Manager for Eaton’s eMobility business. He manages the development of next generation power electronics and high voltage circuit protection for automotive and commercial vehicle applications. Dan has more than 20 patents. He received his master’s degree in Systems Engineering from Cornell University and his bachelor’s degree from Lawrence Technological University.

Dan’s presentation is titled “Disruptive Technology and the Future of Electric Transportation.” This talk will discuss prior disruptive technology shifts and the ongoing technology disruption of electric vehicles, providing a deeper understanding of the transition to electrified transport.

Event Schedule @ Fetzer Center: 5:30pm - Social Hour * 6:30pm - Dinner/Awards * 7:30pm - Presentation

To Contribute – You can make donations by filling out the form below. (you can also contribute online at http://wmich.edu/engineer/eweek).

Make checks payable to: SW Engineers Week Dinner
Return form with payment to:
WMU - College of Engineering and Applied Sciences
at’n: Engineers Week Dinner 2019
1903 W. Michigan Ave - Parkview Campus
Kalamazoo MI 49008-5336
