

Asylum Lake Preserve has a fascinating history.. a bounty of animals and plants...

an endowment fund for its maintenance.

What else does it need?

It needs **YOU**, as part of a supportive community!

This property is not a Preserve by accident, many people have worked long and hard to keep it this way.

What can you do?

Join our membership by filling out the form on the inside and indicate if you wish to volunteer for ALPA at the Preserve.

A suggested donation of \$10 per family supports ALPA's mailings, website and volunteer efforts.

Who to contact

Donna Tellam, ALPA President,
djtellam@charter.net

Steve Keto, WMU, steve.keto@wmich.edu

The Preserve in spring is a great place to hike through the woods as the animals and plants awaken. It is a peaceful place to relax from the hectic world around us.

Visit our website at

or

wmich.edu/asylumlake/

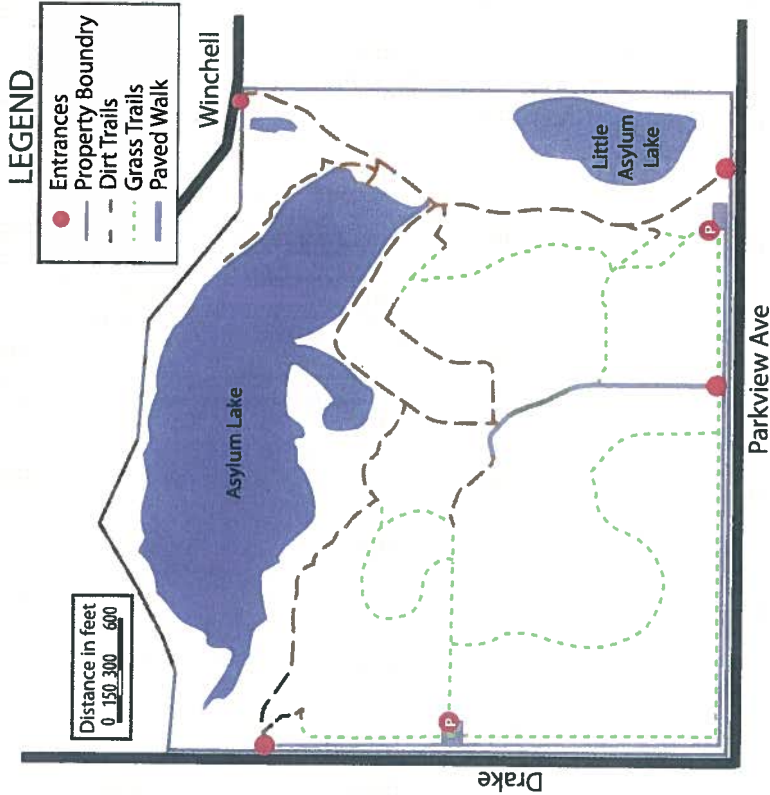

As a volunteer organization, ALPA is dedicated to assuring the the Asylum Lake Preserve remains a natural open space, available for use by the community.

The Preserve is owned and managed by WMU. ALPA represents the community voice on issues regarding the Preserve and partners with WMU in its efforts to maintain the quality of the plant and animal life in the preserve.

Asylum Lake Preserve

DID YOU KNOW?

At Asylum Lake Preserve there are 455 plant species, 124 bird species, six varieties of reptiles and amphibians, and 25 common varieties of mammals.

Asylum Lake Preserve is made up of mature oak-hickory forest, sedge meadow, old fields, and prairie/savanna.

Download the Asylum Lake Preserve app to find points of interest, get info and directions and to find out the Preserve rules and regulations

Rules and regulations

In order to protect the preserve, **you** can choose to enjoy the preserve by leaving a small footprint on the plant and animal life there.

That is why boats, bicycles, motor vehicles and floatation devices are banned.

Keeping your dogs on a leash and cleaning up after them, protect the animals that make the Preserve their home from injury and disease and make it more pleasant for all the visitors.
