

## BACHELOR'S DEGREE PROGRAM INFORMATION

|                  |                                                                                                     |
|------------------|-----------------------------------------------------------------------------------------------------|
| Institution      | <b>Western Michigan University</b>                                                                  |
| Degree/Program   | <b>Public Health</b>                                                                                |
| Credits Required | <b>81: 51 for PH major + 12 for PH program cognate courses + 18 for PH program emphasis courses</b> |

## MICHIGAN TRANSFER AGREEMENT (MTA)

The MiTransfer Pathways builds on the Michigan Transfer Agreement (MTA). The MTA allows transfer students to select designated courses to complete a minimum of 30 credit hours fulfilling MTA distribution requirements. Students following MiTransfer Pathway agreements should complete the MTA in accordance with the sending institutions' course designations and consider whether any recommended MiTransfer Pathways major-specific courses will "double count" to fulfill MTA distribution requirements in planning their transfer. More information about the MTA is available at [www.mitransfer.org](http://www.mitransfer.org).

The MTA Mathematics distribution area allows students to complete one of three math pathways. The Public Health MiTransfer Pathways faculty recommended that students complete a course in the Statistics pathway.

## MiTRANSFER PATHWAYS COURSES

These courses are commonly agreed upon for transfer in this program around the state among participating institutions.

| Pathway Course                | Subject/ Course Number | Course Title                          | Credit Hrs |
|-------------------------------|------------------------|---------------------------------------|------------|
| Introduction to Psychology    | PSY 1000               | Introduction to Psychology            | 3          |
| Introduction to Sociology     | SOC 2000               | Principles of Sociology               | 3          |
| Introduction to Public Health | PH 2310                | Public Health Needs and issues        | 3          |
| Community Health              | HSV 3700               | The Health System and Its Environment | 3          |
| Nutrition                     | FSC 2660               | Personal Nutrition                    | 3          |
| Personal Health/Wellness      | HOL 1000               | Choices in Living                     | 3          |
|                               | or<br>HPHE 1110        | Healthy Living                        | 2          |
