7. The installer Wizard will appear, click "Next".

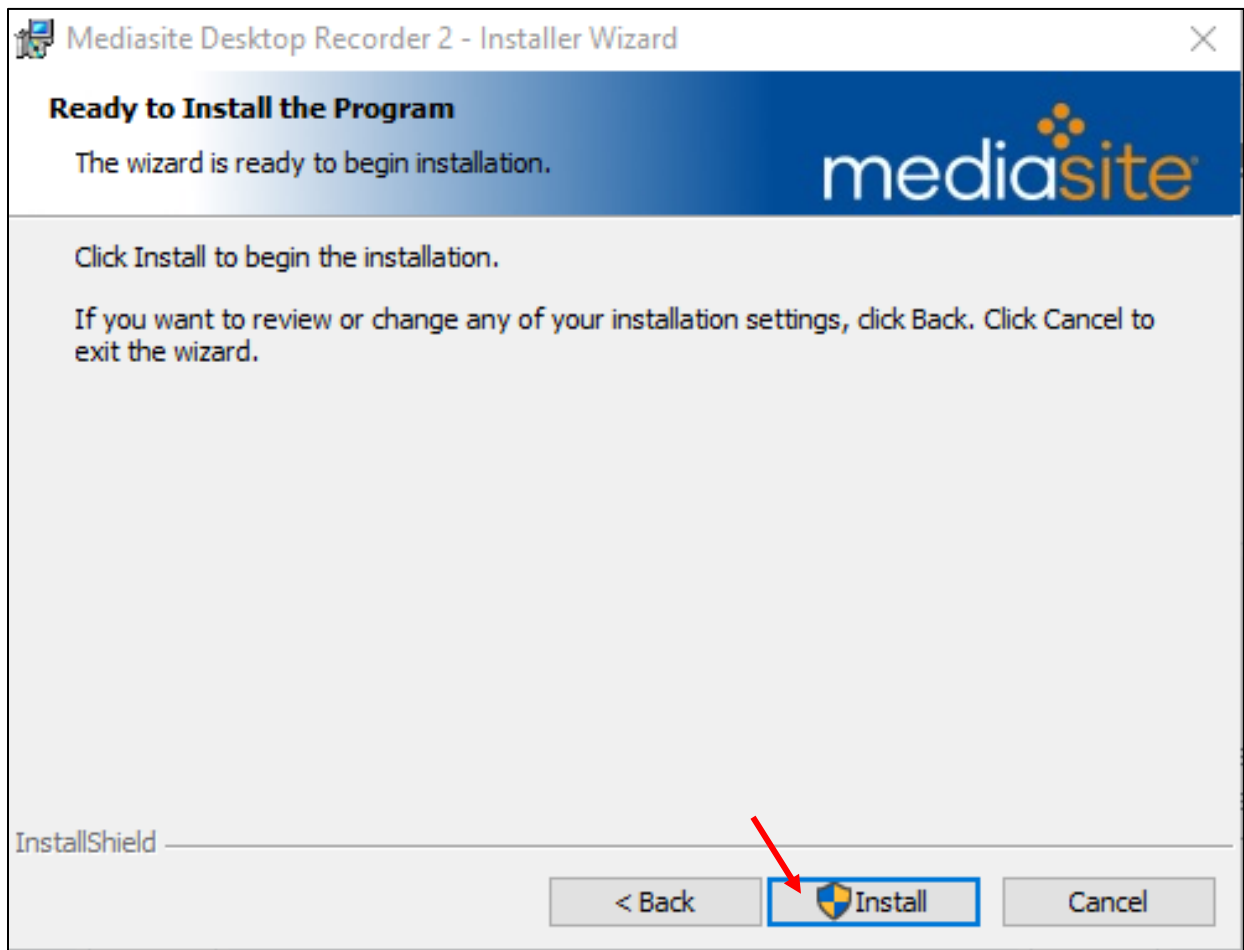

## Download & Register Mediasite

---

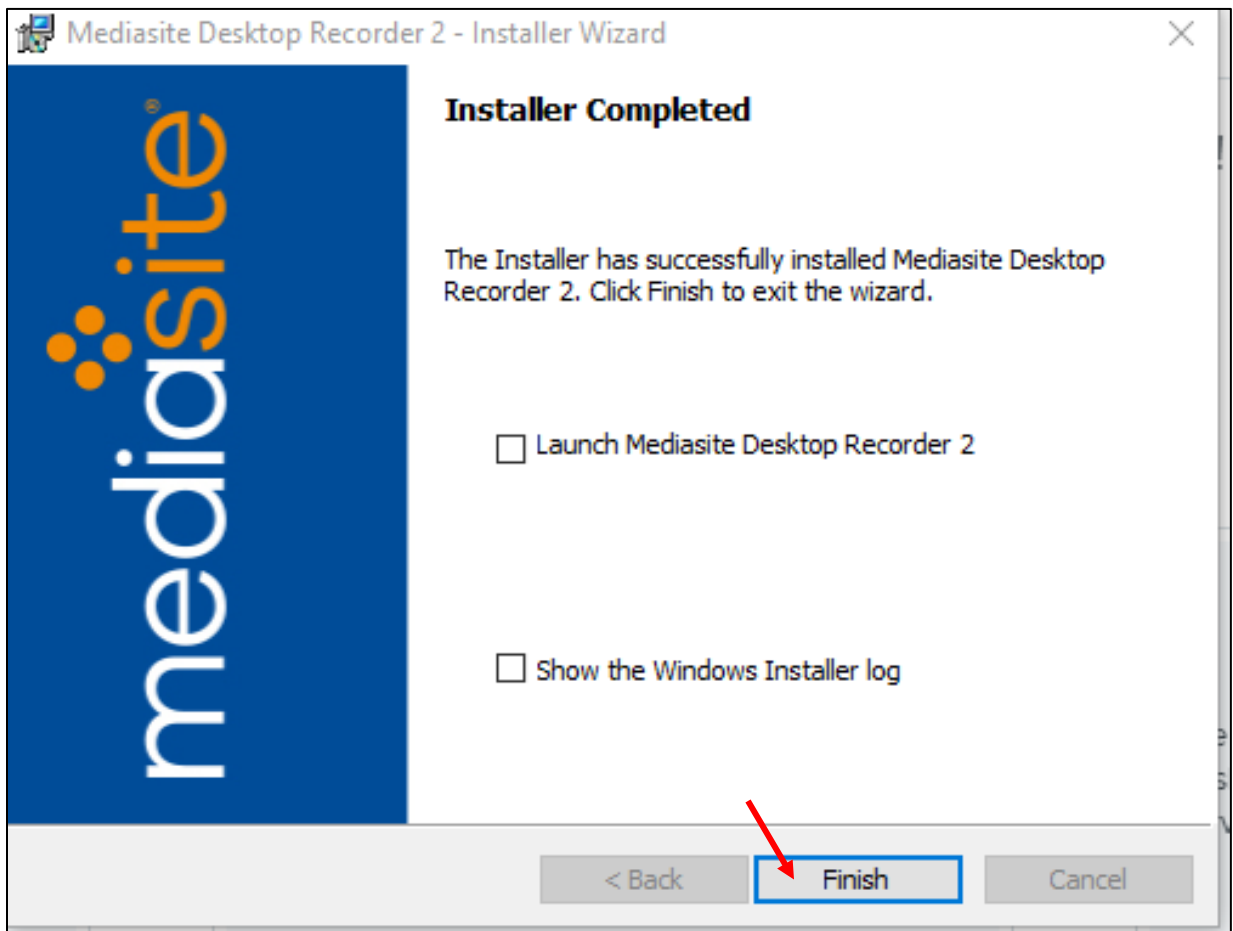

8. Next, click "Install".

9. Once the Install is complete, click “finish”.

## Download & Register Mediasite

10. Now, go back to the Mediasite download page and click on “Register”.

The screenshot shows the Mediasite download page with a dark blue header containing navigation links for Home, Moderation, and a user profile icon, along with an Add Media button and a search icon. The main content area is titled "Download" and features a central heading: "Download the Mediasite Desktop Recorder in 3 easy steps!". Above this heading is a green "Download for Windows" button with a link to "Show me the Download for Mac". Below the heading are three numbered steps in light blue boxes:

- 1. Download for Win**  
SYSTEM REQUIREMENTS
  - Windows 7, 8, 8.1 (desktop mode), and 10
  - 2.4GHz Core2 Duo or equivalent
  - 4GB of RAM
  - At least 1GB of free disk space
  - Built-in or external camera and microphoneA blue button for "Windows N and KN support" is located at the bottom of this step.
- 2. Install the Recorder**  
Run the installer after it has finished downloading and follow the directions.
- 3. Confirm & Register**  
Use the button below after you have installed the Desktop Recorder to register it with your Mediasite Server. A red arrow points to a green "Register" button.

## Download & Register Mediasite

11. Once registered, you can begin using the Mediasite Desktop Recorder.
